Founded on performance

Building from a proven foundation ensures that the new Gen2 Marine delivers reliable performance, while providing safety and comfort for passengers.

Moving with Efficiency

We take pride in our environment - from the crafted spaces inside a structure to the natural world outside of it. That's why the new Gen2 Marine system is designed to maximize energy efficiency.

75%

50%

75%

Maximized efficiency

The huge experience in the Field over the last decades has been also considered in the Gen2 Marine getting enormous advantages during the installation phase as well as maintenance operations.

Mechanical and electrical installation methodology has been designed to be able to adapt to different ship construction strategies, reduce the working time on site and avoid unnecessary interferences with other works.

Confidence in Reliability

It's an uncertain world. You deserve something to count on. Manufactured exclusively at our ISO-certified European factories, the Gen2 Marine elevator defines the quality, safety and reliability we pride ourselves on, ensuring exceptional performance day after day.

Reliability in Service

The Otis Marine global and always ready service network is specialized and trained to satisfy high demanding customers all around the World. Maintenance, spare parts, inspection service, crew training and remote assistance at your disposal to reach industry-leading performance.

Global Service

Local offices in more than 200 countries and territories guarantee the best service in the seven seas.

Hotline Support

Even when we are not on board, a remote technical service is available to support your maintenance operations.

Marine specialists

A dedicated team of marine technicians specially trained in product, maintenance procedures and maritime operations are always ready to go.

Solutions in Motion

The new Gen2 Marine blend convenience, style and performance to deliver a new passenger experience that adds value to any type of ship.

► Gen2 Marine One Entrance

► Gen2 Marine Double Entrance

— Otis Elevator Company is the world's leading manufacturer and maintainer of elevators, escalators and moving walkways.

Founded more than 165 years ago by the inventor of the safety elevator, Otis offers products and services through its companies in more than 200 countries and territories, and maintains approximately 2 million elevators and escalators worldwide. Every day, Otis moves more than 2 billion people.
